UNIVERSAL DOCKING STATIONS

With employees multitasking with multiple devices during the day and the remote working trend on the rise staying connected is key. Universal docking stations are the solution to keeping you connected and productive.

Compatibility
Turns nearly any PC, laptop, tablet, or smartphone into a workstation.

Future Proofing
Works with multiple brands and operating systems, so they'll last through many laptop refresh cycles.

Flexibility
Allows for limitless placement in the workspace.

Simplified Connections
Uses a single USB connection to easily expand workstations by adding on multiple displays or connecting additional peripherals.

BUT, WHY DO BUSINESSES CHOOSE TARGUS UNIVERSAL DOCKS?

With 1 million deployed around the globe and over 12,000 companies choosing Targus,[1] there's many reasons why Targus universal docks can take your business to the next level of productivity:

Industry Leadership
Targus introduced the first universal, dual video docking station to deliver laptop power (and patented that technology) AND the world's first dual ultra-high-definition 4K USB docking station. Plus we have the widest selection of universal docks available.

Warranty & Support
We offer high-touch sales and customer support, plus an industry-leading three-year warranty.

Experience
Our field applications engineers provide comprehensive, on-site pre- and post-deployment services to assist your IT managers.

Proprietary Software
We offer an exclusive enterprise software suite to save time for IT managers by enabling remote management and regular updates all from a centralized computer.

4VU™ PRIVACY SCREENS

Ensure valuable information is kept private without compromising screen clarity. Targus 4Vu™ Privacy Screens are integral to keeping data from prying eyes in and outside of the office. Complete with both glossy and matte sides to suit specific viewing preferences and low-reflective coating, the tiny vertical blinds on the surface of each privacy screen narrow the viewing angle to protect private information from onlookers.

IN A HEAD-TO-HEAD COMPARISON WITH A KEY COMPETITOR, TARGUS PRIVACY SCREENS WERE THE CLEAR CHOICE — PREFERRED BY 7 OUT OF 10 RESPONDENTS.*

Find the Right Size for your Device
4Vu™ Privacy Screens are available to fit laptop, monitor, and tablet screens from 9.7" to 30". Including new privacy screens for MacBook Pro®. Go to privacyscreens.info to locate the best screen for your device.

Low-Reflective Coating
Reduces glare; improves light transmittance

SKANE M-8™ Anti-Microbial
Prevents degradation; ideal for touchscreen devices

Up to 3 Installation Options
Adaptable, hassle-free installation with patented under-bezel tabs

60° Angle Viewing Window
Data only visible directly in front of the screen and up to 30° on each side

Filters Blue Light
Lowers blue light transmittance to reduce eye strain

CARRYING CASES

For over 30 years, Targus has been perfecting its array of backpacks, briefcases, and rollers. Our designs incorporate intuitive organization, ergonomic construction, smart protection, and details that make it quicker and easier to get around. Our commitment to quality is demonstrated by the industry-leading limited lifetime warranty that comes with each of our cases.

PROTECTION IS IN THE DESIGN

Patented Checkpoint-Friendly Design
Designed to meet airport standards, the checkpoint-friendly feature allows the laptop to remain inside the case for a clear X-ray scan.

Patented SafePort® Air Protection
Combines vented air cushioning and high-density foam padding to protect your laptop against demanding day-to-day use and even the toughest drops.

SafePort® Sling Protection
Minor drops and bumps are no problem with the SafePort™ Sling. It safely suspends your laptop in case it's dropped, and its ultra-thin design keeps bags compact.

Military Grade Drop Protection
A United States Military Standard that defines parameters around testing environmental conditions that materials and goods will endure throughout their service life.*

Patented DOME Shock Dispersion
DOME protection works harder than ordinary padding by dispersing the impact away from your laptop screen.

*As tested by an independent third party applying MIL-STD-810G, Method 516.6, Procedure IV

LEADER OF THE PACK

TABLET CASES

An innovator in tablet cases since the first generation of iPad®, our cases are built to enhance your tablet's functionality by combining protection with patented features and advanced technology.

Form-Fit Trays
The cradle securely holds your device in place with shock-absorbing corners for added protection.

Patented 360° Rotation
A patented 360° rotation design is easy to switch from portrait to landscape modes and back again. The VersaVu® Case was the first to enhance the functionality of an iPad, and has improved productivity for professionals ever since.

Infinite Viewing Angles
The smooth grip, non-slip interior of various tablet cases provides an infinite array of viewing angles, or folds to provide a comfortable typing angle.

Patented Multi-Gen Compatibility
The patented tray design of various Targus cases flexes to fit multiple tablet generations.

Military Grade Drop Protection
Just like our bags, many of our tablet cases are made to protect and utilize a United States Military Standard. It defines parameters around testing environmental conditions that materials and goods will endure throughout their service life.*

Industry-Leading Warranty
Our commitment to quality is demonstrated by the industry-leading limited lifetime warranty that comes with most of our cases.

*As tested by an independent third party applying MIL-STD-810G, Method 516.6, Procedure IV
